| ▪ Indicates Fortune products available in 24" x 24" modular tile | |

While we focus our product offering in broadloom, tile is available for environments that require modular floor covering.

- Manufactured with the highest quality premium branded fibers in the industry.
- Broadloom products are backed with our premium ActionBac which results in outstanding performance even in the toughest environments.
- Also available with BioCel backing which is 70% green by weight.
- Tile products utilize Shaw Ecoworx backing systems that are 100% PVC-free recyclable backing made from thermoplastic polyolefin compound with 40% recycled content.
