## STEP OUT WITH FORTUNE CONTRACT'S NEW FLAGSTONE

*SHOWROOM 11-35, NEOCON 2005* – For the perfect commercial floor, pave it with Flagstone, a new carpet from Fortune Contract. The look is natural, yet modern, as round- cornered squares and rectangles interplay with one another to create a pattern similar to decorative flagstone rock. It's a compromise pattern that marries geometric organization with a random, natural composition. Flagstone provides the perfect flooring solution for a variety of commercial settings, especially corporate or retail spaces or condominium corridors.

Manufactured with 38 ounces of Solutia Ultron fiber, Flagstone is a cut/uncut pattern. It's available in nine color choices. One of several new products from Fortune Contract, Flagstone extends the pattern and texture options within the company's core Forecast palette.

For a first look at this unique new product, and others to be revealed, be sure to visit Fortune Contract at NeoCon in Showroom 11-35.
